Cut of single dog, \$4.00.

Cut of group of dogs, \$8.00.

Send sharp print, any size, black and white (preferred) or color. Prints cannot be returned. Cuts will be reused at the discretion of the Editor, free of charge. Policy: to try and use pix of each dog once during a trial season. No retouched photos will be published.

Subscriptions:

Magazine sent to members only.

Field Trial Reports:

Published in order received, two pages maximum. Trial results received without write-ups held for "Delayed Chase" published at the end of trial season. If no results received winners will be listed—no breeding or handler's names.

New Champions:

Confirmation of new champions, obedience degree holders and group winners is taken directly from the Purebred Dogs (official AKC publication). Do not notify us that your dog has finished unless his name is not published at the end of five months. It takes this long for official confirmation to reach the pages of the American Brittany. Show results are sent in by owners. Only major wins will be published and BB, BOS, BW, WD and WB must be given.

Show Case:

Show Case is the place to display your top winner, either field or bench. Cost is \$10 if we do not have a cut of your dog on file, \$6 if we do. All dogs completing their Dual Championships will be featured free of charge.

Change of Address:

Notice of change of address must be received one month before date of issue giving both old and new address. Otherwise delivery cannot be guaranteed.

Material:

Specially written articles (as contributions) are desired as well as photos suitable for covers. No articles or photos will be returned unless accompanied by return postage. Material and format controlled by the Editor, subject to approval of the Magazine Committee, John W. Lee, Nolen Cathey and Dan Buster.

Summer time is

Hall of Fame

The ballot for the Hall of Fame for 1972 is enclosed in this magazine. Please note that you may vote for as many as two dogs and one bitch if you so desire. The deadline for voting is September 15. Dogs must be dead in order to be eligible for election.

Your ballot will be found on the inside of the front cover of the mailing wrapper of this issue of the magazine. The official ballot must be used in registering your vote.

Questions have arisen as to why only certain dogs were reviewed in last month's magazine. Last month's list was compiled from the records of the voting of the previous year. All those who had a substantial number of votes were listed. Also listed were a handful of dogs that had died during this past year and whose owners or friends had suggested them for the Hall of Fame. A request was made in the June issue for nominations for this year's election. If your favorite is not included it is because you, or someone, must nominate the dog.

We have the following letters of nomination.

Dear Editor:

I heard that Amer. & Can. Dual Ch. Way Kan Jeff made a very strong showing in last year's Hall of Fame ballot. I would like to bring him to the members' attention again this year. Jeff was an exceptional dog, rated by one of his pro handlers as the best chuckar dog he had ever hunted over, by another as a potential National's winner and by still a third as one of the best dogs he had got his hands on. Jeff placed 56 times in AKC trials and had quite a few American Field places too. His placements ranged from amateur shoot-to-kill stakes to two Pheasant Classic places and one in the Quail Classic. He was strongly in contention in the two National in which he participated. The list of the winners he produced is going to be longer but it is now at about 20. Three of his progeny have already got

their field championships, and one of them (Fritts) won the Nationals. My vote goes to Jeff again this year. He deserves a niche in the Hall of Fame.
B. E.

Dear Nicky:

It gives me a great amount of personal satisfaction and honor to place the name of Fld. Ch. Towsey's Bub in nomination for the Hall of Fame.

Bub began his long string of wins by placing in some Open Derby stakes in the spring of 1958 and had a total of 63 placements in his career. In 1962 he placed 4th in the National Championship and that same year received the Dual Dog award. At Nationals in 1963 he placed 4th in both the Amateur and National Championship. In 1966 Bub won the first American National Amateur Championship. He was on the Sports Afield All American Team in 1967. Bub was campaigned largely in the Midwest where he regularly competed against some of the best Brittanies in the United States.

Towsey's Bub has sired one Dual Champion and four Show Champions.

Several things made Bub an outstanding dog. He was handled almost entirely by his owner Marvin Nelson, who is an Amateur. He was a great bird dog seldom going birdless in a field trial stake. He was used extensively as a hunting dog and was a family pet, as every Brittany Spaniel should be.

John W. Smith.

Dear Nicky:

Please nominate for the Hall of Fame Fld. Ch. Bretagne's White Ranger, who died just short of thirteen years old this spring.

Ranger had a limited number of wins (12 in AKC trials) but those he had were made with everything the Brittany is known for. He was an AKC Champion as well as placing 3rd at the Nationals in 1964, handled by his owner, Carl Robeson. He hunted hard up to the time of his death.

He sired quite a few winning dogs (8), dog who never quit and also good looking bird dogs. Himself, he was a beautiful dog, who was among the best moving dogs who ever lived.

Leslie Miller

Dear Nicky:

I would like to nominate Juchoir's Chocolate Candy for the Hall of Fame. "Reb" was certainly worthy—a big running dog, lots of guts, won the Pheasant Classic twice.

J. S.

Dear Nicky:

Colorado's Yankee Timber should be nominated as a Hall of Fame candidate. He won the Nationals and produced pups that are winning in the young dog stakes now. "Britt" was an exceptional dog in my estimation.

W. R.

Dear Editor:

Please nominate Ch. Holley Haven Sugar for the Hall of Fame. She was a great show bitch.

F. J.

Any serious-minded breeder who intends to breed a litter of Brittaines should have at least a superficial knowledge of genetics. An in-depth study is to be preferred if one intends to start a lengthy breeding program. May we suggest the study of "Genetics of the Dog," by Burns and Fraser that is published by J. B. Lippincott. It is a good reference book for the dog breeder.

The science of breeding is based on the Mendelian Theory, from the discoveries of a monk named Gregory Mendel. He found that crosses of two different types of peas resulted in predictable patterns of inheritance. Basically it works like this in dogs.

Pups receive "genes" from each parent. These genes are arranged in strings, like beads, called chromosomes. These chromosomes are present in each body cell and the number is determined by the species. Man, for instance, has 46. The dog is said to have 78. Now these chromosomes come in pairs and, in breeding, the pairs separate so that the newly formed pup will have 39 pairs, with one portion of each pair coming from each parent. So a pup's inheritance will come equally from both parents.

Different genes affect different characteristics. The color gene is one of the simplest so we will use it for an example. We will let "B" stand for the liver color and "b" for the orange. B is dominant (or stronger) than b so that any dog who has B in its makeup will be liver. Thus a dog could be BB or Bb and be liver in appearance. An orange dog could only be bb.

Let's breed the BB to the bb and see what happens. The pup will inherit one gene from each parent so all the pups will be Bb. This means that ALL the progeny from a dog that is pure for the liver characteristics will be liver.

Now let's breed one of those Bb liver dogs to another Bb dog. Take one letter from each parent and combine them as nature does. Some of the pups will be BB, others Bb and still others bb. Practically this means that some of the liver pups from this mating, being BB's, will produce only livers. Some of the

Now let's breed orange, bb, to orange, bb. There's nothing but b involved so the pups can only be b (orange). It is therefore genetically impossible to breed orange to orange and get anything but orange.

The B is called a "dominant." It overrides the less potent orange b and is apparent to the eye whenever it is present. Dominants are easily retained or rejected in a breeding program and cause no particular problem.

The b is called a "recessive." It can be present and yet not be visible. This is the little devil that causes the breeder so many headaches. A line can carry a trait recessively for many generations and it will never appear until it meets with a similar recessive gene and then up it pops. It is possible that the tri-color gene works in this manner as well as the gene for cryptorchidism.

Two other terms found frequently in literature about breeding are homozygous and heterozygous. Simply, again using the B and b symbols, a dog is homozygous (or pure) for a characteristic when he is BB. He is considered heterozygous (mixed) when he is Bb in character.

Breeding would be simple if this is all that there were to it, the inheritance of single characteristics. But we have 36 pairs of chromosomes made up of numerous genes and all these genes are not as simple of the above example that controls color. The color itself is more complicated. There is a factor controlling the shade of the color which, in the orange, may vary from deep mahogany to a light lemon yellow. There is a factor for ticking, one for spotting (the small spots on the muzzle and legs), another for the area of color on the body. A breeder may breed for years before being sure which characteristics are dominant and which recessive, which simple in inheritance and which influenced by multiple factors.

To further complicate breeding not only are there characteristics that are inherited (called the dog's genotype) but there are also characteristics that are formed by environment and experiences (called the dog's phenotype). A knowledgeable breeder must be able to

THE FUTURITY

★

Entries closed for this fall's Futurity on August 1. All entries have been acknowledged. If your acknowledgement has not been received you MUST contact the ABC office before September 1.

It looks like a record stake will be run at Paducah as well as a large show. Plans are well under way for the two events. Larry Wallace is heading up the committee in charge.

Every year we receive questions about the type of performance that is going to be expected in this stake. All field trialers are aware that individual judges have different ideas about placing derby dogs. Some put more accent on birdwork, others on range and pattern. Therefore it is difficult to say exactly what will be expected.

Basically the Futurity is judged as a Derby Stake. There are differences, however, because this is a breeder's stake and more accent is put on the potential of the participants to become a good influence in breeding. Style and class are more important in this stake than in an ordinary Derby Stake.

The ideal performance would be a big race that carried the dog to all the proper objectives. The dog's running style would be attractive with high head and tail. The dog would find birds. He would point with intensity and hold his point while the handler flushed and fired. He would finish as strong as he started. This is the ideal.

In actuality the winning performance will probably never reach the above pinnacle. In most previous Futurities there have only been a handful of dogs (four to eight) who have pointed and held birds long enough for the handler to show the dog to the judge. In many stakes the quality of the second, third or fourth place dogs has left much to be desired in range and style. The first place dog usually met the requirements for the stake. Perhaps this is because almost every year, the outstanding ranging dogs have been called back to try for birds.

Different people have different theories as to why the performances of

our outstanding derby winners are not impressive in the Futurity. One of the most interesting theories advanced is that the Derbies are run in too many one course trials. They become indoctrinated into a routine of running hard for 20 minutes and then looking for birds. They expect to work up close to a planted bird and point as closely as possible. That this theory has basis can be seen when the dogs are observed to run well for the first half of their race and then pull in and work closer and more slowly for the last part. It can be seen in the fact that many of the Futurity hopefuls will scent their wild birds and work directly in on them, flushing them without the slightest hesitation. As any hunter knows the wild birds won't hold for the dog to point right over them the way a planted bird will. Perhaps our overall quality of Futurity performance would be improved by training the young hopefuls almost exclusively on wild birds. Perhaps the greater number of amateur handlers being successful in this stake is accounted for in that amateurs have the time to get their dogs on a lot more wild birds than the professional.

If you have a dog that will hunt well, will find and handle wild birds, even if he will only point long enough for you to flush his birds, you will have the type of dog that has placed in previous Futurities.

SIMPLIFIED BREEDING (Cont.)

determine if a dog's shyness, for instance, is due to heredity or to some experience the dog has been subjected to.

There seem to be numerous facets to a dog that could be caused by heredity, environment or both, skin problems, temperament differences, size, length of coat, etc. It would certainly be extremely helpful to future breeders if some of the breeders of the past and present would keep records on various traits that they have been able to breed strongly into or out of a line. Then tomorrow's breeder would not have to start from scratch as we do today.

(Only very avid Dual enthusiasts need inquire.)

ON THE BENCH

This brilliant young Britt went through his American Championship with flying colors. He has eight BB and three group placements in the United States to finish. In Canada he had seven BB and three more more group placements to finish there. Canadian Championship pending CKC confirmation.

In the Field he has competed with the best the West Coast has to offer, coming up with 17 AKC and American Field placements, Puppy and Derby points.

Britt is now with his trainer, Ron Neumann, also the best, and has been since a puppy.

This Fall he will be in there again with the best, looking for his Dual title.

GO - GO - GO

by Luther Lawrence

A bird dog will run for two reasons; because he feels good and because he wants to.

Feeling good depends on physical fitness. This relates to three basic fundamentals, food, rest and exercise. They are all important. Like a three-legged stool, one depends on the other.

Food is probably the easiest of all to acquire for our dogs. The dog food companies have done a good deal of research and have produced foods that are excellent in providing the dog with all nutritional elements like vitamins, minerals, protein, carbohydrates, and all the other essentials of a balanced diet. Maybe a little meat added for taste might help but not too much as it spoils the balanced diet the dog food company has so scientifically prepared. If the dog is working hard enough to get thin some fat, like bacon drippings or suet or cracklings, can help keep the weight up.

Overfeeding is probably the biggest single fault of most dog owners. A fat overweight dog can't possibly run or hunt too long. Even a wolf won't hunt with a full belly. The hunting instinct is always keener with the dog that is a little hungry. On the other extreme a half-starved dog will be too weak to run much. So the amount of food that would be just right is the amount that would keep the dog just a little hungry all the time. This amount may vary up and down according to the amount of work and activity of the dog. Most dogs can eat about four times as much food while being hunted full time, compared to the same dog in the off season.

Probably one of the best guides in determining the right amount of food would be the firmness of the stools and how fat or thin the dog is. How fast he gobbles his food down has nothing to do with the degree of hunger. Some dogs eat in a big hurry and others pick at their food—merely individual eating habits.

Most dogs that are full grown will do their best on one feeding a day. Because people get hungry three times

a day has no bearing whatsoever on how often a dog gets hungry. Wild dogs of yesterday usually ate every four or five days—just whenever he could find food. Then he would eat enough to last for a long time. Some books on canine nutrition recommend skipping one day's feeding at least every two weeks.

So the conclusion is feed good quality food and just barely enough to keep the dog slightly hungry for maximum performance.

Rest sounds simple for a dog because all of us have watched dogs sleep peacefully sprawled on a rock pile or maybe curled up in the snow. This physical rest is easy. It's the mental rest that presents a problem. Boredom, loneliness, jealousy, other dogs barking and many other factors can cause a dog to be miserably unhappy so that he gets little mental rest. Peace of mind is needed in both man and beast.

Some things can help some, like a bone or toy, a pleasant kennel mate or a little playtime once or twice a day. A dog needs reassurance. By all means do not leave the dog overnight after disciplining him. Leave him happy.

Now exercise is probably where most dog owners fall short. It takes a lot of time to give a dog all the exercise he needs. Again, like feeding, too little exercise is bad and so is too much. The secret is to give the right amount and that gradually increases as the dog becomes more and more fit.

At first the dog needs a very short run, maybe five minutes. Then ten—twenty—thirty and more. Gradually increase the amount.

Heavy exercise, like pulling in a roading harness, can give a dog more exercise in less time. Running conditions at a more rapid pace than walking. If the dog is working hard enough to huff and puff, he might stay in fair condition with thirty minutes workout three times a week. However, to really build up his lungs, heart and blood vessels (what you might call real physical fitness) he needs longer and harder work. Long easy workouts build muscles and

strength. The competing dog needs both strength for speed and drive and stamina for endurance. So just the right balance of both kinds of exercise is ideal. Yet who can come close with such interferences as weather, lack of time and many other circumstances forced upon us in the rush of present day living?

To start with good running ancestors is a must. Too often we see offspring of five generations of running dogs fall flat. The question is why. Many factors add together. The natural hunting instinct creates what is called desire in the rule book. The desire to search for and find game probably stems from ancient times when a dog hunted for his food or starved to death.

Certainly most dogs run a little more just to please a proud owner or handler. They like our praise.

Numerous other small things enter into the total man-dog relationship that can either help or hinder the dog in his running. Holding the dog back by the collar or command at breakaway, even in training, seems to accumulate a little bigger head of steam, so when he is released he has built up a little extra supply of go for his first cast.

Timing of signals is probably the most important of all factors in encouraging a dog to go at first. The handler should time his signals to fit exactly what the dog is going to do anyway. For example, toot the "go" signal the instant a dog is released. When he stops for any reason, be ready to toot "go" the instant he starts to go. Responding to the whistle soon becomes a habit. When the dog approaches a fence and will positively have to turn is the instant to toot the turn signal. As soon as go and turn signals are a habit extra care should be used to be ready with one or the other the instant the dog looks back for a signal. A few seconds too late will destroy the dog's confidence in his handler in a very short time.

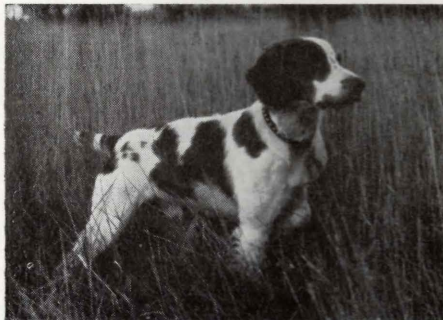

A good tight fence is an aid in getting the young dog to come when called. Set your foot on a fence and call the dogs. When the young dog ignores your call, help the others over the fence and walk right off and leave the disobedient dog behind. He will bark and cry awhile

but if you are real patient he will find his way through sometime later. It doesn't take many of these lessons to get the dog to come in promptly even from a great distance.

The art of being obnoxious helps a dog to run better. Some puppies are so happy right near the handler's feet that it's necessary to be obnoxious to the pup. Try throwing a handful of shelled corn in his face when he comes in close. Use a grouchy voice every time he comes in. The tone of the voice is very important. That tone can change from sounding like sandpaper on the vocal chords to a sound like honey. The sweet tone is used when the dog is doing right and the mean, grouchy tone when he is doing wrong. Overdoing this obnoxious idea will cause the dog to run off and bolt completely, so you need to find just exactly the right delicate balance between being obnoxious and sweet.

It takes work to get a dog to run but most dogs will run some if you plan it right. To repeat, the dog runs because he FEELS fit and WANTS TO. It's up to you to create those conditions.

HEALTH HINTS

The dog has two anal sacs, one on each side of the anus. They can become clogged and even infected if not properly cared for. A sign to watch for is scooting the hindquarters across the floor or biting and chewing the rear end. This biting and chewing is most frequent during hot weather. The sacs should be checked for impaction at regular intervals. The thumb and first finger are placed on opposite sides of the anal gland and the area gently squeezed. A paper towel or Kleenex is held in the other hand to catch the material ejected. This material may dribble out as a thick paste or shoot out in a more liquid stream. It is very foul smelling so that, if some gets on the dog's coat, you will probably want to bathe the area immediately. If the sacs become infected and bleeding it is a problem for your veterinarian. Abscesses may form. If the condition continues to occur it may be necessary to have one or both removed by your veterinarian. The operation, a minor one, is similar to the procedure used to remove the scent glands from skunks.

Hexachlorophene, an ingredient commonly used in deodorant soaps, has been found to be poisonous to animals. It causes brain damage and paralysis in dogs. Keep your soap out of reach of your dog to prevent such a happening to him.

A new drug that can be added to the dog's food daily for continuous protection against hookworm has been discovered. It can be used on pregnant bitches. The drug is a combination of styrylpyridinium chloride and diethylcarbazine was developed by a group of workers at Princeton. Experiments showed that it was 96% efficient when used for seven days. Better results were obtained from longer term treatments.

The mortality rate among pups from birth to weaning time is about 30%. Some recommendations to be followed that may help decrease the rate are: Diet should not be changed during the heat period or directly prior to it. The

amount of food given and the type of food should not be changed immediately after breeding. Additional food or supplementary food should not be given until about the fifth week of gestation.

There were more rabies cases reported in 1971 in the United States than in 1970. The increase in rabies in skunks accounted for the difference.

Glazed pottery dishes for dog food or water are a no-no. Certain types of pottery from Italy and Mexico are found to release enough lead under ordinary use to cause lead poisoning.

Recently in Britain a study was made of the estrus cycles in bitches. It was found that more bitches came in heat during February to May and October to January than did during the summer months. The average interval between heat periods was 29 weeks. If the bitch became pregnant the average interval between heats became longer, 32 weeks. Animals living in northern areas had a higher percent of cycles beginning during the first part of the year.

Dr. John Craige of Monterey, Cal. has reported that there have been outbreaks of influenza in dogs in California. He claims that it has been established that Influenza B virus can be transmitted to dogs.

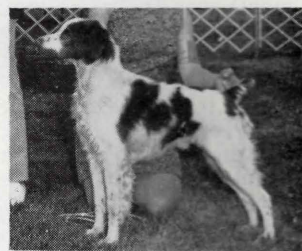

A panel of veterinarians were of the opinion that, if a dog's testicles were not descended by the time he was ready for his first distemper shots that the dog was quite apt to be a cryptorchid. Some were of the opinion that testicles descended slower in the larger breeds, that testicles in fat puppies were less palpable at an early age, that the smaller breeds seem more prone to lack of testicles properly descended. The majority of the veterinarians recommended that the dog be castrated as soon as he reached maturity because of the danger of cancer in the retained testicle.

Jenny, a deep orange and white, scored seven points towards her field championship including puppy, derby and all-age firsts at under three years of age. Her extreme range, endurance and intensity have rocketed her into contention with the Nation's best.

Jacque, also a deep orange and white, has established himself as a true representative of the dual concept at only three years of age. His outstanding all-age field abilities and classic conformation have produced many all-age firsts, best of breeds, and a recent second place in the sporting group.

Both dogs are bold, tough, well tempered and easily trained. The pups are futurity nominated.

THE PRESIDENT SPEAKS

by Lloyd Conable, Jr.

Even though the spring trial season is over the past month went by in a hurry. Now we are well into the heart of the summer show season in this part of the country and this can be just as time consuming as trialing. One thing about shows, however. When your dog has been judged you know how it made out right then and there. None of this waiting for hours or even days to see if you got a placement or points.

Correspondence between officers, directors and committee chairman has been thick and fast. There is so much to do and with all of us spread out all over the country, there seems to be so little time to do it in. But I think we have good people working at all these jobs and they will be well done. The biggest task is getting ready for the Nationals which is complicated this year by the earlier date and the split in sites. Last year's Nationals were, I thought, one of the best organized and smoothest running I have ever attended. It makes a tough act to follow, but generally the same people are handling this one, and I think they may even be ahead of their pace for last year, complications not withstanding.

The year's events opened with the Quail Classic hosted by the Kentucky Club at the Central Kentucky Wildlife Management Area south of Lexington. This is the area managed by Dewey Mullins and any trial there is always enjoyable. It was my pleasure to report the trial for the Magazine and I won't go into the details again except to repeat that I wasn't alone in feeling this was as high a quality a stake as I have seen in a long time.

As I mentioned last month, I was in New York in February and I had lunch with Jack LaFore, Ham Rowan and Bill Stifel of AKC. Jack is the new President of AKC and a great guy. We met him on the New England summer show circuit in 1968 when we were showing Char-Lee O'Dee to his bench championship. He just might show up at Paducah this fall and if he does, be sure to meet

him. If you have a bad image of AKC, he'll do a lot to change it. Anyway, we had quite a talk about the three judges bit. Nicky and Dr. Utzinger had laid the groundwork for the change but I believe you can express your reasons more thoroughly face to face. It gave me the opportunity to fill them in as to why we felt this change was desirable. About ten days ago we received a letter from Ham Rowan telling us that the procedure has been changed and that three judges now may be used in the National Championship and National Amateur Championship Stakes. So one of the major items of the ABC program for 1972 has been accomplished.

Those of you who subscribe to the American Kennel Gazette may have noticed that a couple of months ago the ABC had a column in the report from member clubs section. You should be seeing more of them in the very near future on a fairly regular basis. Be sure to read closely the article on the Amateur Championship in the June issue of the American Brittany magazine. Also, it's nearing election for directors. These are the people who represent you and manage ABC so give some thought to whom you want and by all means VOTE. The percentage of returns is distressingly low so don't be a non-voter and then complain about the director. Also, let your directors know how you feel about things, preferably through your regional club. ABC is no stronger than its member clubs so participate in yours. One thing I'd ask you to remember—when you are unhappy with things on a National level, bear in mind that most regional clubs have their problems, also. ABC is no different except it gets them from all over the country and from 59 clubs. But we try to solve them and given your patience, understanding and cooperation, we will. But what may seem great for one region may not be so good for other regions or the club as a whole and your directors have to, and do, keep this in mind.

ALL AROUND THE *Course*

MINNESOTA

The Minnesota Brittany Club held its Spring Fun Run at the Wild Wings Game Farm, Hugo, Minn. The weather cooperated with us in drying up the grounds, alleviating the usual problem of muddy roads and fields. We had an excellent turn out with 42 entries. Refreshments taken care of as usual by the ladies of the club and at this point I would like to enter a long overdue note of "Thanks" to the hard working ladies who take on so much unheralded work in the club such as food and kitchen duties at the Fun Run, secretarial work for the various committee chairmen, and so on.

We had the normal big puppy stake of 8 braces: 1st, Spicks Saxon Doll, Skip Juul; 2nd, Brandy Sniffer, Tony Mudek; 3rd, Sam, Phil Mooney.

Derby followed with 3 braces and won by, 1st, Tiger, Bob Paul; 2nd, Taffy, Gus Kiser; 3rd, Bullet, Bob Heinel.

The Open All-age had 5 braces and won by, 1st, Buddy, Mel Maurer; 2nd, Gus Kiser; 3rd, Tawny, Bob Heinel.

We also had a Hunter's Special with 5 braces, 1st, Susie, Warren Hanson; 2nd, That-A-Boy, Jeanne Ingebrigtsen; 3rd, Sam, Phil Mooney.

The winner of the Special Stake, Best Woman Handler, went to Ruth Brodin.

SOUTHERN SAN JOAQUIN

On Father's Day the SSJVBC held a Turkey Shoot and barbecue. There was a good turnout and competition for men, women and juniors with the big, fat, juicy turkey as the prize in each event. The Men's event was won by Paul Mooney. The Woman's event was won by Theda Stell. In the Junior event outstanding shooting by 15 year old Kevin Taylor gave him the turkey.

TIDEWATER

The newly organized Tidewater Club held its first annual Fun Match in Portsmouth, Va. on June 11, 1972. Judging the event was professional AKC handler Grant Spurrier. There was a total of 20 Brittannies entered. Best Puppy in Match was Rouille Rouan of Old

Dominion, owned by Nancy Ballback. Best Adult in Match was Lady Moon of Miami, owned by Guy Webb. Best of Opposite Sex was Salmon's Doc, owned by Bill Salmon. Ribbons were awarded to all four places in each class and trophies given to the top winners.

SAN DIEGO

Scheduled for July activities are a Swap Meet to raise money for the treasury and a Fun Day. For the Swap Meet members were to donate articles they no longer needed. Items were to be raffled off at the meet. Items left unsold were to be donated to the Goodwill. At the Fun Day a tattooer was to be present with his outfit and those who desired to have their dog tattooed might have it done.

OBITUARIES

Ch. Bo-nine Ben-Pac Rex died recently as he neared his sixth birthday. By Bo-nine Benjji out of Ch. Bo-nine Pacolet's Sally, he was bred and campaigned by Herman Bonine. Rex stands in the all-time records for derby dogs as the winner of 8 derby firsts and 15 derby placements, both records being at the top of the list at the time he made them. Rex won a 40-dog all-age stake as well. His bench championship was made in four major wins, one at a Specialty Show. Interestingly Rex was sold as a pup and returned as unsatisfactory (he ran too big!) He was then campaigned under the ownership of Dorothy Bonine. Those who saw him perform as a derby and who saw his futurity performance have reason to remember his greatness.

Fld. Ch. Pierre le Chasseur has died at the age of 14. He was owned by Dr. Utzinger during most of his life. Pete had a lifetime record of 22 placements, his top win being a Quail Classic placement. He produced 3 field winners. Pete was a large and powerful runner, much admired in the mid-sixties. Most of his winning was made under the handling of Ralph Hesseltine.

Specialty Shows

OHIO

Best Opposite - Best Winners - Best Breed

The Ohio Brittany Club held its Specialty Show with the Trumbull County Kennel Club on May 28. There were 39 entries which included nine specials for Mrs. Marion R. Mangrum to judge. She gave each dog a thorough examination.

Best of Breed went to Henry and Donna Riske's Ch. Riske's Gay Prince. Best of Opposite to Charles Alf's Ch. Cinnabar D'Avante. Winners Dog and Best of Winners to John and Ellyn Lee's Joel's Copper That's A My Boy. Winners Bitch went to Dick and Judy Pocock's Miss Georgia Sioux. Reserve Dog was Luther Lawrence's Fld. Ch. Blue Grass Tex and Reserve Bitch to Cage's Perk-

iomen Valley Dodi owned by Mrs. Geo. Urie, Jr.

In keeping with the dual concept we are pleased to note that 19 of the 39 entries are dogs that are also run in field trials.

After the judging Mrs. Mangrum and all the Brittany exhibitors were treated to a picnic lunch prepared by the ladies of the OBC. All in all, it was a very enjoyable day.

SAN DIEGO

The San Diego Club held its first licensed specialty show in May. They were especially proud of the entry of 37 and of the fabulous pot-luck that followed the show.

Best of Breed was awarded to Ch. Elcia's Lil' Hoss of Greenfield, owned by Theda Stell. Best of Opposite Sex went to Ch. Wesmar's Wayward Meg, owned by Wes & Margaret Davison.

The points in dogs were awarded to Greenfield's Merrie Clown, owned by Patricia Cohen. The winner's bitch was made Best of Winners and completed her championship (subject to AKC confirmation) with this win. She was Kathy Owen's Trooper's Sun Dancer.

● The Utility Field Trial is designed to test a versatile hunting dog's usefulness in all phases of hunting, both before and after the shot, in field and marsh, and on different species of game, for the on-foot hunter. In this respect, cooperation and control are essential ingredients of the overall performance. The trial will simulate, as nearly as possible, actual hunting conditions.

● The dogs are tested and evaluated in the following categories: **Desire to Work, Stamina, Field Work: Nose, Search, Pointing, Steadiness to Wing and Shot, Retrieving of Shot Bird, Cooperation, Handling and Obedience, Retrieve of Game by Track, Water Work: Walking at Heel, Remaining in Blind, Behavior in Blind, Retrieving a Duck, Search for a Duck.**

● These trials are open to all versatile hunting dogs such as Brittany Spaniels, German Shorthaired Pointers, German Wirehaired Pointers, Griffons, Pudelpointers, Vizslas, and Weimaraners. Any hunting dog that is registered, or eligible for registration, with a recognized stud book may be entered.

CHAMPIONSHIP PINS

A new shipment of pins has been received at the ABC office and all those who are entitled to a pin have been sent one. If you have not received yours please read the following and if you are entitled to a pin and have not received it please notify the ABC, Sherwood, Ore. 97140. If you received a pin from the first order and do not like the color (it being more liverish than orange) the pin may be returned and one from the second order will be sent to you. The second order is closer to the proper color.

The pins for Dual Champions have a yellow background. The bench pins have a red background while those for field championships are blue. If your dog's championship was confirmed in the January 1972 AKC Purebred Dogs or later you will get a free pin. Dual and field pins are sent automatically but bench pins must be requested. Pins are available only to ABC members and are sent to the person who owned the dog at the time it completed its championship.

Those of you who own champions finished in prior years may purchase a pin. The price is \$5.00. If at all possible give the approximate date your dog completed his title so that it may be more easily checked in our records.

AMATEUR CHAMPIONSHIP

We had hoped to have a group of letters from members to print here at this time in preparation for the final balloting on this new championship. However, there seems to be a good deal of apathy on the part of the membership and only two expressions of opinion have been received at the ABC office in the past couple of months.

The first answer is as follows—"I have not been in the Brittany Club very long, but I have worked field trials and dog shows. My idea on the new Amateur Championship is, if we are going to have it, have it for the Amateur. Let's set up rules where any dogs

trained or handled by pros are ineligible. The idea behind the championship is to attract more people to field trials. I, for one, am an amateur and it is very discouraging to work with my dog and then go to face dogs kept in shape, and trained by pros in what is supposed to be an amateur contest. I think it would be nicer to make it an amateur gun dog and keep it separate from the present amateur stakes."

There are undoubtedly many new people who feel the way this man does. The Amateur Championship that is being offered to us by the AKC does not allow any variance from the rules as stated in the present book of Field Trial Rules. It is suggested that each of you carefully read the requirements as listed before deciding to vote for acceptance or rejection. Please review the article on Page 8 of the June American Brittany magazine. Then contact your regional club secretary and register your opinion either for or against this championship. At the same time be sure your club secretary knows whether you are a regular field trialer or just an interested member.

All club secretaries are being contacted and requested to poll the entire membership of their club. Results will be sent to the ABC office and your Board will use them as a basis of judgment at this fall's Board meeting at Paducah. The Board wants every member to have a chance to express an opinion on this matter.

NEW BOOK

To the people who have not yet ordered their copy—The "Official Book" is a completely new book that has no relation to any other book on Brittanies. Do NOT send orders asking for the New Edition of the "Brittany in America" as your check will be returned with notification that the book is out of print. If anyone wants a copy of the old "Brittany in America" they should contact Dr. Fred White, P.O. Box, Chilli-cothe, Illinois in the hope that he may have a few copies left.

Ch. Cinnabar de'Avante, owned and handled by Chuck Alff of Reynoldsburg, Ohio, completed her AKC championship in November 1971 with three wins, takes Best of Breed over an entry of 14 at the Cincinnati Kennel Club show June 4, 1972. Cindy has earned seven Best of Opposites which includes her BOS win at the Ohio Brittany Club Specialty May 1972 that boasted an entry of 39.

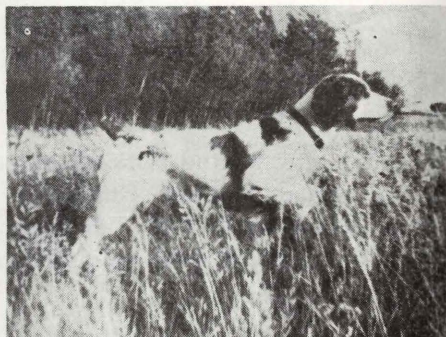

Also in the winners circle Chip's Misty Jill of Edwards, owned and handled by Bob Edwards of Uniontown, Ohio. Jill took Best of Winners to earn her second major win. Jill's sire is Ch. Ti War Chip de Triumph out of Walk-up's Lady Lynn.

Solo's Pepperdust, flashy liver and white owned by Bill Hoffman, had a successful spring season with a total of seven placements, a fourth, a third, two seconds and three firsts. He also took a second in a FDSB trial, the International stakes at Evans Mills, N.Y. He now has a total of 18 AKC placements and two in the Field. He celebrated his second birthday in July 1972.

Pictured here is **Skoshi**, owned by Dr. Thomas Vice of San Antonio. She recently completed her bench title by taking Best of Breed or Best of Opposite Sex in six of the last eight shows in which she appeared. She was shown early in her career by Fred Bremner who owns her sire (Conte de Fere). Skoshi is the second bench champion to come from her dam, Lost River Princess.

The **Little Joker**, owned by George Wilson, completed his dual title this past season by finishing his field championship at the LaSalle trial. Joker has appeared in the winning column frequently as an adult, his top placement being in the Quail Classic. He is a third generation Wilson-owned champion, his sire being Fld. Ch. De Little Frenchman who is out of the dual Dingo's Little Mike. He was shown to his bench title by Jan Hoover. His most prestigious win in shows was taking the points at the Michigan-Saginaw Specialty Show.

It was a Dee-Liteful win when **Black Butte's Dee-Lite** finished her championship at the Richland, Wash. show recently. One of her most impressive wins was a 5-pointer at the Oregon Specialty Show last September. Dee-Lite, out of Dual Ch. Faulkner's Reddy and Ch. Black Butte's Touche, is a third generation champion for her owners, the Norman Clows of Heppner, Oregon. Her grandmother Ch. Star Raiser, a group winner and her mother Ch. Black Butte's Touche were also Specialty Show winners. A Double Dee-Lightful litter of futurity nominated pups is expected from Dual Ch. Char-Lee O'Dee and Dee-Lite in late August.

Ch. F. O. Dee's Boy, owned by E. C. Kruger, Fairbury, Nebraska, completed his championship by earning Best of Breed from the classes at the Missouri Valley Brittany Specialty, March 6, 1972. He is pictured winning Best of Breed at the Heart of America Kennel Club show, Kansas City, Missouri, March 20, 1972. The judge is Mr. Clark C. Thompson. Boy had been handled exclusively by Irma Gibson, 14725 No. 47th St., Omaha, Neb. He has ten Best of Breeds, including the one Specialty win. April 7th at the Council Bluffs Kennel Club show,

Boy placed 4th in the Sporting group, Hollis Wilson judging.

In mid-June this beautiful Brittany was placed in the capable hands of Lyle Johnson, Goddard, Kansas, to train for field competition.

Hamilton's Barabara E. Freckles completed her C.D.X. at the Cincinnati Kennel Club on June 4, 1972. Freckles earned her degree in three consecutive trials within four weeks. Her qualifying scores were: Mad River Valley Kennel Club, May 14, 1972, 196½ points, first place of 17 entries; Columbus Training Club, May 21, 1972, 191 points, fourth place of 32 entries; Cincinnati, 194½ points for third place of 20 entries. Freckles is trained and handled by M. Elaine Hamilton of the Buckeye Brittany Club. Freckles captured her C.D. at the age of 13 months and had two Amateur All-age placements in the fall trials of the Buckeye Brittany Club and the Pennsylvania Brittany Club.

New Champions

Confirmation of new champions, obedience degree holders and group winners is taken directly from the Purebred Dogs (official AKC publication). Do not notify us that your dog has finished unless his name is not published at the end of five months. It takes this long for official confirmation to reach the pages of the American Brittany. Show results are sent in by owners. BB, BOS, BW, WD and WB must be given. (Major shows only).

Britts & Britfans

At the Burlington, Ct. Versatile Hunting Dog trial **Beaver Dam's Hip Pocket Penny**, owned by Eric Stites, received a qualifying rating with a total of 97 points.

At the Evergreen show in British Columbia in March **Bar-B-Belle's Copper Joe**, owned by Bob Workman, went second in the group.

At a recent OK 89er GSP trial **Boy's Little Rex**, owned and handled by Ike Zamrzla, won both the Open Gun Dog and Meat Dog Stakes. In the Powder Puff Stake, Boy's sire, **Buddy Boy VII** performed well enough for handler Betty Hibbert to take the blue. Pressing closely were three other Britts in the other three placements. They were **Bonnie**, handled by Kim Marshall, **Chim Chim Cheree**, handled by Lorine Isham, and **Windy**, handled by Marie Springfield.

Chisholm's Wampanoag, owned and handled by Case, placed third in the Open All-age at the Gordon Setter trial on Long Island in April.

In the Nittany Valley trial in Pennsylvania **Mickey's Memory**, owned and handled by A. Starzesky, placed third in the Member's Shooting Dog Stake.

The Tri-State trials were held in R.I. in March. The first place Amateur Shooting Dog was **Tondee's Sandy Valley Duke**, handled by his owner, Steve Tardy. Duke bested a field of 20, primarily long-tailed dogs.

The Edmond Brittany Club held a trial consisting of 12 stakes in May. Successful contestants in the Brittany-only stake were **Gundy's Red** (Young), **Carol's Bullet** (McWhorter), **Tulsa's Okie Girl** (Hinch), **South Wind** (Lloyd), **Pacole Cheyenne Jill** (Doak), **Gundy** (Young), **Richmar's Baron Britches** (Bortner), **Paul of Leeway's Red** (Young), **Big Mike Bazooka** (Lang) and **Orleans Rock Brandy** (Mouton). The only Brittany placing in the stakes open to all breeds was **S'No Fun Mack**, owned by Walker Heap and handled by Rick Smith.

In the Mason-Dixon trials **Hunterlane Janean MacHolly** placed third in a large Amateur Shooting Dog Stake. She was handled by her owner, Ken Horn.

Brittannies and Britfans were well represented in the High Plains Shorthair trials in Texas this spring. Dr. R. C. Busted was one of the judges. **Trooper's Matador** (Lloyd) and **Lloyd's Ruff** (Rogers) were one-two in the Amateur Shooting Dog. **Duke** (Nix) won the Derby Stake. **Shardee's Radar Rusty** (Nix) won both the Open All-age and the Open Shooting Dog. He was followed by (2) **Stan's Orange Ike** (Stribling) and (3) **Lloyd's Ruff** in both stakes. **Babe** (Higginbotham) was given first place in the Open Winner's Derby Stake.

Boy's Little Rex, owned by Ike Zamrzla, won the award for the top shooting dog owned by a member of the Chieftain Shooting Dog Association for his wins during the 1971-72 trial season. He retired the trophy as this was his third time for the award.

SPRING TRIAL

The annual spring trial of CNEBC was held at Westboro, Mass. on April 22 and 23. In addition to the 66 dog trial, the club offered an excellent happy hour, an exciting Calcutta for the Amateur Gun Dog, and a Saturday evening steak fry. Prior to the trial, plans were formulated for grounds improvement including an appropriation of funds from the proceeds of field trials to support the effort. Plans were also made to run most of the stakes at the fall trial, as single course events with birds released on the course.

The trial opened Saturday with the Derby stake. The blue and red ribbons were won by two young 12-month old puppies. Sky Bluette DeBecque captured first place. Bluette had an extremely consistent back course. She ran hard, was very busy and appeared not to miss an objective or an inch of ground cover where birds might likely be found. Her bird work was excellent and she showed considerable experience for a young dog. The second place dog, Sandy Valley Duke's Daisy had, as described by the judges, the biggest break-away of the stake. Daisy was close in every respect to the winner but not quite as consistent. Her running style and head-high, staunch points characterized the class of her sire. Suzabob's Hey You Willie showed good style and class on his bird work. His ground race, however, was not as mature and forward as those placed above him. Fourth place was awarded to Bayou's Creole Warrior, who had an excellent back-course and hunted well. His bird work, however, was spotty.

The 22 dog Open All-age stake was won by Tondee's Sandy Valley Duke. This was Duke's fifth straight win. He started the spring with a first place in a 22 dog pointer stake and then captured four consecutive All-age events in the Brittany trials. Duke, as described by the judges, was, "... fantastic and in a class by himself. No other dog in the stake approached his excellence." He handled very well for such a wide

ranging dog and had a perfect back-course find on a running pheasant. In a difficult bird field of feathers and scent from previously "gobbled" birds, a stop-to-flush did not detract from his two class finds. Nick of Columbia had a good gun dog race with a busy and hard driving back-course. He had an excellent back-course find with a solid head-high point on a quail. Third place was captured by Dolly's Hi Maggie. Dolly started slowly but finished nicely with a good hunting race. Fourth place was awarded to Dusty of Lakeview. Dusty

**Brittchester's Centerfire

had a slow start with a fair back-course. However, he finished well and had a nice bird field find.

Judges Ron Stevenson and Jim Dilliplane considered the quality of the Puppy stake as very high and one of the best they had presided over. The margin separating the first, second and third placed dogs was very narrow. The stake was run on a single course without a bird field and with enough room and cover for a puppy to show well. The blue ribbon was awarded to Beaver Dam's Rusty Nail. The young bitch handled well and showed good range and hunting pattern. She had excellent stamina and class and exhibited good potential as a Derby dog. The red ribbon went to Timberlane's Jeff. The judges complimented Mrs. Randall on

her handling and felt that Jeff would develop into a fine Derby dog. He had excellent range with stamina and class. He handled well, showing good bird work. Sandy Valley Duke's Daisy could be described in essentially the same terms as the first two placed puppies. She finished stronger and larger but was nosed out of first on the basis of a somewhat slower break-away. Daisy also demonstrated fine bird work in good derby style. Fourth place was won by Brittchester's Centerfire and handler Lewis Sprague, both competing in their first field trial. The puppy, with two bird finds, did everything well. The judges felt that a little more experience for both dog and handler would lead to many more placements.

The week-end was completed with the running of the Amateur Gun Dog stake. A sizeable Calcutta added excitement to the small event. Timberlane's Tex won the stake. Tex had a good ground race with wide to medium range. He hunted the cover hard and had a stop-to-flush on a pheasant on the back-course. His bird field find was executed with excellent manners. Quoddy's Little Duffer had the best race and application of the day. He had one good find in the birdfield showing good manners. However, one stop-to-flush and two non-productives were enough to edge Duffer out of the top spot. Chantilly DeBecque earned the third place ribbon. Her application was not as consistent as the two top winners and her range was limited. Of two bird field finds, one was handled with good manners.

The contributions of the judges to these stake descriptions are appreciated since CNE has no appointed field trial reporter. CNE would also like to offer its thanks to those working members of neighboring clubs who so enthusiastically support the CNE field trials and the activity at those trials.

SPRING TRIAL

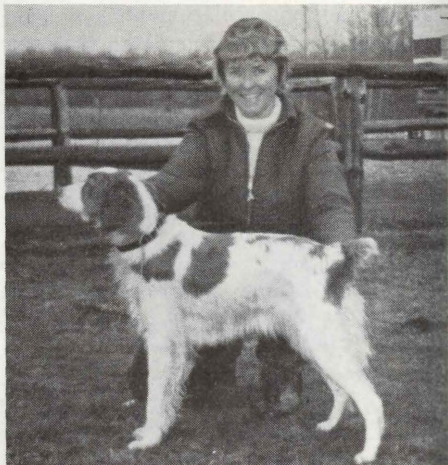

by Wm. Cartmell

Tondee's Sandy Valley Duke added another star to his crown by winning the Open All-age stake sponsored by the BCUNY, April 15 and 16 at Baldwinsville. This stake was hotly contested and despite driving rain and fleeting bursts of sunshine, at least 8 dogs challenged the performance of the winner. Duke had an excellent race, two good finds, and a back. Probably more impressive was the rapport between handler and dog. In second place was Frisco Frannie. Frannie's race was not as wide as Duke's and she performed admirably on multiple finds. Chip Britt Jill ran the class race of the stake. She was a little hard to handle but this is to be expected. Jill had two good finds but there was another that is better forgotten. A hard driving race not as wide as the others characterized Tyoga Sam's race and it was capped by a superb find where his bracemate routed and chased the bird. The judges were the Pennsylvania "twins" Glen Sewall and Pete Seger.

On Saturday night Shirley and Jim Malia put on a fabulous steak roast. Last summer Jim and Mike Williams and a contingent of BCUNY members built and donated to the Three Rivers Game Management Area of N.Y. a covered barbecue pit. A lot of red tape had to be cut, but with the weather this spring, plus the good food, and companionship these outings bring out, it was all worth it.

In the Amateur Gun Dog stake Frisco Frannie ran an attractive ground heat, had two finds, and a back, and this was enough to walk off with first place. Peppermint Sue had a nicely patterned race capped with three good finds, plus something else. The veteran Jaybee's Little Princess showed them she can still do it all. Little Princess ran the best gun dog race, she had an excellent pattern and handled very easily. In the bird field she had two good finds and a stop to flush. Dr. Zac had an attractive ground heat, one good find, and a non-productive.

Pepperdust put it all together, plus showing a lot of promise, and won the Open Derby. His race was outstanding. He had a good find and, to top it all, voluntarily backed his bracemate. Hey You Willie had a class race, not as wide as the winner, plus two good finds. Mimi ran a good race, handled well, and had a good intense find. Holly Mist laid down an average race and had one find. The judges were Amos Greer and Chuck Gianfrate.

Chablis de Becque

The Puppy stake, while not the largest on the East Coast, was one of the best. Chablis' race was far reaching to the objectives, while Lu's race was above average for a puppy. He did not demonstrate the maturity of the first place dog. Daisy showed real hunting ability but her race was a little shorter. It is interesting to note that the last brace produced the first and third place dogs.

Susquehanna

SPRING TRIAL

by Dr. Jack Beck

Ten pre-drawing scratches brought the entry down to 167—a tight fit for a two-day field trial. This was the case for the Susquehanna Brittany Club's 1972 spring trial held the 25th and 26th of March over the grounds of the Circle "S" Farm in Wellsville, Pa.

The load was staggering but once again the tried and true field trial master, Del Still, literally worried this one through to what has to be this club's smoothest run operation to date. Although Del was the mastermind and truly the man in charge, once more he inspired the entire Susquehanna membership to make it everyone's proud accomplishment.

Every detail was covered, to the point that every possible tie-up had an anticipated pre-planned solution. It all meshed. Even the weather was flawless—brisk but sunny both days. The weekend was as silk.

The Open Puppy stake was huge, boasting 39 starters. Passing judgment over these youngsters were Dr. Bill Heil and Jack Zerener who commented on this stake's richness in quality as much as its wealth of quantity. Gaining the nod for top spot was Sky Blulette de Becque by virtue of her busy, animated, and distant way of going for owner-handler Edie Beck. As the judges put it, "She never let up that hustling pace or made one mistake her entire running."

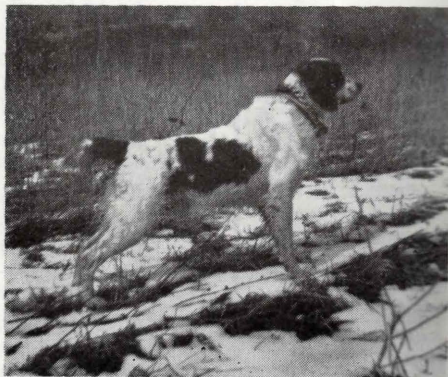

The entry of Open Gun Dogs showed their talents to Dr. Ron Harling and Anton Tinnesz but on this day none could combine a searching class gun dog race with acceptable game contact. Many had one or the other but none put both together—thus first place was withheld. Closest to the set standard was Nehl's Little Bits under the whistle of Fred Nehls. Bitsy's ground race was of his usual all-inclusive driving style, but one lesser piece of bird work—sandwiched between two good finds—was not of first place quality and was just fuzzy enough to knock him from blue to red.

The results of a stake such as this are the toughest to pass judgment upon. More times than not the dogs actually place themselves and little arbitration is needed, but not so in this running. Fortunately, two of the finest men sat in the judicial saddles and practiced the highest level of standards, fortitude and common sense in their choices. A difficult job well done.

Kipp Trooper Rochambeau, under the direction of owner Tom Tivnan, blasted a group of true All-agers with an extended race and class bird work to cop the top spot in that stake. He flew around the U-shaped course in much the same manner he ran this same terrain a few seasons ago for his Derby points. Just on the edge of being out of control he mastered all margins, showing way to the front, following every cast but one. The exception was on the southwest corner which was sharp and Roch's cast naturally brought him in from the rear. He quickly corrected. One crisp quail find in the bird field was all that was necessary for judges Joe Stankewicz and Ken Marden to pin Roch as the class dog of the stake.

Under more bright skies on Sunday, the Open Derbies literally tore the all-agers' course apart. Seldom does one see so many outstanding derbies in one stake. Both judges told this writer that they had no less than eight dogs that could have won most Derby stakes, but

Nehl's Little Bit

the one that swept the honors was a real good looking Brittany that can also "eat up geograpay"—Sequani Des Collines, with owner-handler John Ivester at the controls. He joined a beautifully executed ground race with two derby mannered finds—one in the back course—to just edge the blue from his pressuring peers.

The Amateur Gun Dog winner is certainly no stranger—Suzabob's Frisco Frannie. Gerry Supplee's entry did it again, and again she did it in super manner. Her pattern was near perfect and complete. Matching this with the same kind of bird work always spells a win, and this it did.

Congratulations to the Susquehanna Brittany Club, the judges, handlers, owners, the gals responsible for all the good food, and any one else connected for one beautiful week-end of trialing.

LaSalle

SPRING TRIAL

by Doug Birchfield

The LaSalle Brittany Club held its spring trial at the Des Plaines Wildlife Area near Joliet on March 25 and 26.

This was one of our largest trials with 120 entries and a 32 dog Puppy stake. The weather was raw, cold and windy; the grounds and cover were excellent for this trial.

On Saturday the Open All-age got under way at 7:30 a.m. under the capable judicial eyes of Gordon May and Foxey Pierce. This was a tough stake and a lot of good Britts met their downfall. Jim Holman handled Jill around the outer edges at extreme range with excellent manners on her birds for first place. Augustus of Rivers, with another excellent race but not quite as wide as Jill, placed second, also handled by Jim Holman. Third place went to Darrell Gaynor's Hi Spirit Ladie with another good back course and very good bird work. Jack Ashton's Bar Bell Duke nailed down the fourth spot with a good run and good manners on his birds.

Meanwhile back at the Puppy course, Jack Hires and Durward Stevens were looking over quite a crop of puppies. Jeff Ray's little roan bitch Star won this stake with a wide forward race. She had a quick and attractive style of running, finishing her casts down the tree lines, flashing through cover and finishing strong. Red Welker's Kippie also had an excellent forward race, hunted well and to the front, finished strong and going

away. Third place went to Robbie Restless, handled by Jim Holman. She started a little slow but stayed out well after she got going and had a real strong finish. Doug Croxton's Squire took fourth with another excellent run. He hunted the cover, not quite as wide and was real birdy on meadow larks. Honorable mention went to Jim Vonesh's Bebe who ran well but got into the gallery and had a little trouble finding her way back.

The Open Gun Dog stake was won by Rebel, handled by Jim Holman. Rebel ran a wide gun dog race, had three finds in the bird field, handled without a flaw. Robbie Robin, handled by Lee Marten, came in a close second, handling her birds in a most pleasing manner. Third place went to Ray Springsteen's Duke who displayed excellent manners on his bird coupled with a nice back course run. Fourth was withheld.

The Amateur All-age was run late Sunday with a strong wind and crosswinds blowing. The dogs had trouble with unproductives, too many birds among other things. Ron Zollars handled George Wilson's Joker to walk off with first place (even if Ron did stumble and fall, recover and then continue the chase with a rooster that was really putting on a foot race—finally throwing his hat to flush). Joker watched the whole thing with exemplary manners. This win completed his Dual title. The

Fld. Ch. Rebel Roi des Champs

Albion's Black Magic

other three placements were withheld.

The Derby stake was won by Jim White's Blackie, handled by Jim Holman. Blackie ran a wide forward race handling his birds in Derby fashion. Allen Wolkey's Ranger placed second with another real fine forward race, staunch on his birds until the flush. Roy Quick's Buck, with another very good run and good bird work, placed third. The fourth place went to Jeff Ray's young puppy, Star, who also had a good run and birds.

The Saturday night happy hour and banquet had a very good turn out with approximately 60 people in attendance. With plenty to eat and drink everyone seemed to enjoy our social function.

Thanks to all of our willing members who came out and helped put on our trial and our gals who do such a fine job in the kitchen department we had another well run, successful trial. We want also to thank all the wonderful folks who support our trial with their entries and attendance at the happy hour and banquet. Hope to see you all at our fall trial.

Badger

SPRING TRIAL

by Kent Lipsey

The Badger Brittany Club held its spring trial at the Pine Island Wildlife Area, near Portage, Wisc., April 29 & 30. The weather threatened rain from the start of the trial, and finally coming through mid afternoon Sunday with a light drizzle that sopped the judges and the last three or four braces of the derby.

We welcome and thank the Gerald Cohen's for coming to Pine Island and also the Ron Neumanns, who are former Wisconsinites. We also welcome and thank our old freinds from Milwaukee, Illinois, LaSalle, Minnesota including genial Jim Holman; all who contributed to make our trial a success.

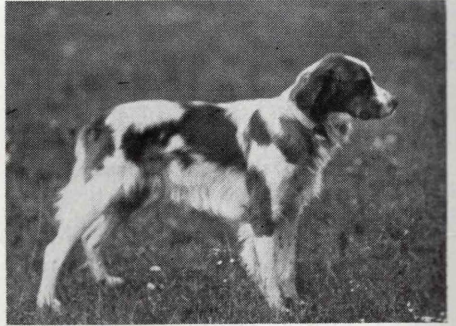

The first brace of the Open All-age broke away at 7:43 on Saturday morning and it was apparent from the start that the wily pheasant would take his toll. The grounds were a little wet but otherwise in excellent shape. A dog could get out and really roll on these grounds and yet the cover was heavy enough to hold birds almost everywhere. It's fun to watch the dogs going flat out in light cover and then whamo, hit birds that are at least as smart and fast enough to suggest they've got motor scooters. It explains why a lot of real good dogs have more than their usual share of trouble with this crafty ring-neck. But Gary Christensen and Gerald Ingraham, being of keen eye and sound mind, expressed their particular opinion in picking Jacque of Connie as their number one dog, Evergray's Tic Toc Terry, second; Jocko's Little Joe, third, and Harper of Mount Tom, fourth. With the temperature about 50 degrees, Doug Birchfield, who was braced with this writer, remarked after Harper's fourth bird, "It's getting hot isn't it Kent." (Nobody else seemed to notice).

Ron Lisius and Bill Boyd expressed their delight in how good the puppies were and also their chagrin in having to pick four places from 21 puppies saying seven or eight could easily be used in most trials for first place. They finally gave the nod to Pierre's Bon Chance, with Jacque O'Buro's Rodger

Dodger getting second, Dualite Mike et Pierre, third and Kippie o. Center Lake, fourth.

Sunday the first brace of the Derby left at 7:35 with the air crisp and the sky threatening. Again there were some mighty fine young dogs. This writer would like to say here, if the fine young dogs this year continue to develop, All-age competition is really going to be tough in a couple of years. Gary and Jerry gave the nod in the Derby to Hermano Del Presa, with the Constant Lady getting second, Homer, third and Tamarack Samantha, fourth.

Kidago Sam Stacy

The Amateur was the smallest in number of entries but excellent in quality. Harper ran in the first brace and set the pace, bested only by Jacque of Connie, who did it like it should be done both days. Third went to Robbies Robin and fourth to Kidago Sam Stacy. There were only three dogs in this stake that were not clean or didn't have birds. Here again good dogs couldn't be placed because someone else did it just a little better or had just a little more luck or class.

I wish to thank Mrs. Hat Stevens for the fine food and excellent service. We really appreciate the work of our fine judges and hope they might consent to come back sometime in the future. I also would like to thank the members of our club who gave their time to work and make this trial a success. I would like to mention each one but space will not permit.

Minnesota

SPRING TRIAL

It's those little touches that really win trials like the Minnesota trial May 6 & 7. It scared the liver out of me the way those trial dogs came plummeting out of their crates but did you notice how he placed the winners on opposite ends of the stakeout chains for a little peace and quiet so that they could plot their strategy? At least 75% of those dogs end up in the ribbons! Then when Jim got out his chamois and rubbed and polished his trophy compartment BEFORE they ran . . . well, it really revved them up. Cox's Maxie Schultz really played it cool and ran a much talked about and outstanding race. He hit every objective and had one dandy, flawless find in the birdfield but he let up a little at the end. Competitively he knew that Fluke de Britt (Johnson) had run an excellent race with three finds. Dan de Milles Gus did his new owner R. W. Trogen of Waycross, Georgia proud. Gus decided he could win on birdwork and had one find on the backcourse and two in the birdfield but he didn't pull out the stops on his range like the others did. Running last was Jacolet Blue. He knew it would take race, range and maybe backcourse birds and went for broke on two finds on the backcourse and three staunch finds in the birdfield combined with an excellent race. A fitting first in a 42 dog All-age stake with 14 placeworthy dogs. Wonder what kind of "birdseed" Jim feeds those dogs?

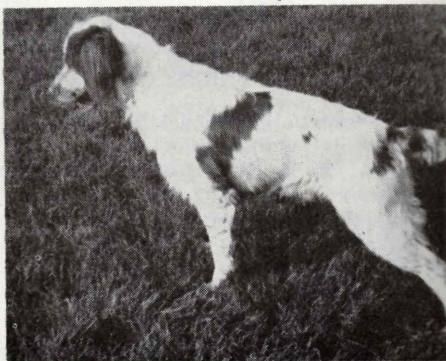

Copper Creek Jonnie

If he feeds it to his winning dogs like Walt Chapman of Iowa does he'll soon run out. Walt's special touch is seconds to those who do it right! De Madison King ran his puppy brace hard, wide and handsome through sloughs and away. Walt assisted with an artistic flourish on the whistle then asking as the dog turned, "Is that the way you do it, judge?" The West Coast may have their Ejner Lund but we've got Walt Chapman and he's a tough one to compete against. Walt's Durango de Madison looked especially impressive taking the entire tree line and hanging out there. Kickapoo Billy Bimbo got out and hunted in the right places with style for Wisconsinite Rand Constalie. Lyle took one look at the wet ground cover (it was a walking stake) and the tightness of the course and whispered in Roman Nose Scout's ear to go fast, wide and snappy and he could ride home in the cab with Marge. Lyle knew the woman's touch was what the other fellows couldn't offer and with that incentive Scout ran away with first place in a 26 dog puppy stake. The judges felt the Britts showed range and maturity and had much potential.

Thirty derby dogs were challenged by the class race of the stake and Honorable Mention by the judges to Dualite Mike et Pierre and handler Ron Neumann. Copper Creek Jonnie had the best of the placed dogs and a flash point for second place to Hello Dolly Miss Kaer who ran a hard, driving race and had one find for first. (Another front seat rider, Marge.) Rockbrook's Andy O'Dee running under new pro Lewey McCrea didn't have quite the range of Jonnie

Rockbrook's Andy O'Dee

and Dolly on this day but had one nice find. Timber's Marquis de Colorado blasted through the birdfield into an adjoining slough and caught the judge's eye when he was coming out of the slough and braked into a sight point on four moving quail at pickup!

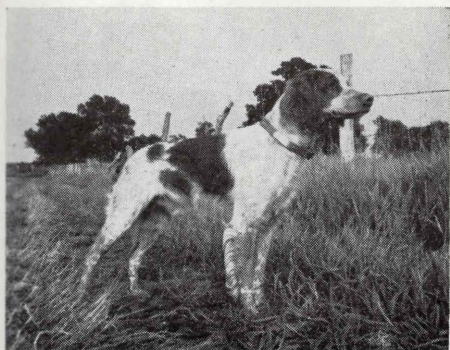

In the Amateur stake Hi Spirit Bazooka's Pistol under amateur handler Jeff Ray put on a sensational performance. He had an outstanding race with excellent range and pattern, exceptional style and intensity on his find and two sight backs where he slammed on the brakes so hard that the turf rolled up. Al Wolkey did a great job with Hi-Spirit Ladie who came up with a find on the edge of the woods on a running bird . . . you know that kind. Ladie ran at gun dog range running a nice pattern but with his bracamate off on deer he came in second. Kent Lipsey handled his own Jacque of Connie on two nice finds but he forgot to tell Jacque this was a gun dog stake and he required more handling. Chapman's Rusty Tim's find and run put him into fourth place and that second helping Walt gives winners.

Lone Star

SPRING TRIAL

by Millie Norvell

The Lone Star Brittany Club had the pleasure of running its biggest trial this past February. With temperatures ranging between 80 and 85 degrees, both handlers and dogs battled the heat. There were 131 starters in the five stakes which were run. With the fantastic work done by a small crew consisting of Eldon and Weldon Cain, Joe Vines, Chuck Nester, Dudley Andrews, Ralph Swaim, Ples Pharr, David Andrews, Ernie Eldredge, Stoney Ferris, Leo Gales and Bill Norvell the last dog finished at 5:15 Sunday afternoon. Thanks fellows!

Star's Lucky XIII, a dog which Lewey McCrea handled, had one find, a wide race and all-age manners to capture first place in the Open All-age stake. S'No Fun Mack also had one find and a strong race which brought him a second place. Mack handled well for Ricky Smith. Shamus barely took third with one find and a good race over Christy's Feather Duster who had one find and a good race.

The Open Gun Dog stake was won by Bazooka's Gundy, who had four beautiful finds. He handled well for Cy Springfield with a good gun dog race. Gundy is owned by Dr. C. T. Young of Oklahoma City. Gundy finished his field championship in this stake. Conte de Fere, owned and handled by Dr. Bremner, had two good finds but lacked a little class which put him in second

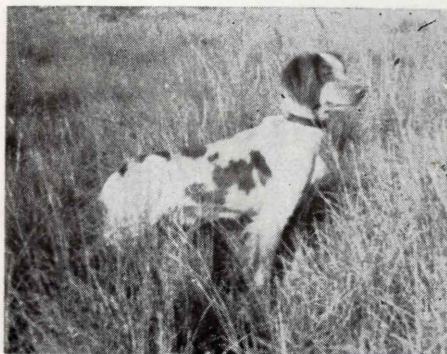

place. The third place was captured by Mac-Ago-Go who had one find and a good race. The fourth place dog was Astro's Ripvarian with two finds. Rip did not have as much range as the other dogs, but he was classy.

Ralph Swaim owns and handled the first place Derby dog, Magic Muff Heckle. Muff had two beautiful finds with a wide searching race and all-age manners. He hit the objectives (his application was excellent) and he handled well and finished strong. Perry's Rustic Prince took second place with one find and a good hard race. Dave-O Neo-Valley Digger came in third with one find and a good race over Southwind who received the fourth placement with one find and a good race.

Dr. C. T. Young won first place in the Amateur All-age stake with his dog, Gundy. Gundy had a good all-age race with two classy finds and no errors. Le Car's White Smoke came in second to Gundy with one very good find and a good all-age race. He handled very well for Phil Pittman. Smokey is owned by Rosco Staton of Missouri. Christy's Feather Duster had a good race and one clean find to finish third over Boy's Little Rex who took fourth with one find.

The Puppy stake was won by a dog well known in this area—Cheyenne Sam's Repeat. This pup is owned by

Fld. Ch. Bazooka's Gundy

Fld. Ch. Shamus

Lester L. May and handled by his lovely wife Marie, a newcomer to field trialing. Pete, as he is more commonly known, handled well and ran with a world of class all over the country. Chuka, Jill the Pill, and Fast Lady were the other pups that placed.

The Amateur Handler's Award was presented to Phil Pittman who handled several dogs and showed good sportsmanship by picking up those dogs who made errors. Congratulations to you, Phil!

Midwest

SPRING TRIAL

The Midwest Brittany Club held its spring field trial April 15th and 16th on the Fort Riley grounds near Junction City, Kansas. The grounds were in beautiful condition, not as heavy cover as in previous years, and provided necessary objectives and running room for good dogs to show well. The weather was cool and damp Saturday, ideal for good bird work, and turned warmer and windier Sunday; however, the weather change was of no hinderance to the dogs as two of the four placements in the Open All-age came from Sunday's offerings.

This was the largest entry ever handled by this Club, a total of 172 Brittanies run in four stakes in two days and caused a few restless moments to the field trial committee prior to the trial. With the wonderful help, though, of all the judges, pros (eleven in all!) and handlers, the trial was completed with no holdups or problems in very fine time. This was a good testimonial to the argument that there should not be a limit on the number of entries in trials.

Our very capable judges were Jim Barnes of Whiting, Kansas, and Bob Harrison of Gardner, Kansas for the Open All-age; Gerald Eastland of Kansas City, Missouri, and Dallas Pittenger, Topeka, Kansas in the Open Puppy and Amateur All-age stakes; and Marc Appleton, Oklahoma City, Oklahoma, and Ray Cox, Bonner Springs, Kansas, in the Open Derby. The club particularly appreciates Marc Appleton and Ray Cox for their judging stint as they were only recruited a few days prior to the trial when the entries began to reach such monumental numbers.

With 66 entries in the Open All-age, the judges were faced with placing four dogs from a large number of potential winners and finally selected Ringo de Britt, a young two year old owned by Gale Grammar and handled by Rick Smith. The field contained most of the fine Brittanies being campaigned and the other winners were familiar names; Bo-Ju's Tygo Duke, Wm. & Judy Boyd's

fine dog was second and handled by Loyd Budd; followed by Mac Ago-go owned by George Harpool III and handled by Lewey McCrea; and fourth place was annexed by Gringo de Britt, Tim Poling's pride handled by Lyle Johnson.

Many fine puppies were seen Saturday with the first place blue being taken home by Harold Richards' youngster, Genii's Shank de Lamont. The other placements were given following performances that might have "won the blue" in stakes of lesser caliber. Sandhill's Sam, Jill the Pill, and Rockbrook's Andy O'Dee, followed Shank in that order.

Lester May was the proud owner of the first and second place finishers in the Open Derby, Perry's Rustic Prince and Hello Dolly Miss Kaer. Lester was really beaming as he received congratulations with a trophy tucked under each arm. Third place went to Timothy O'Dee and fourth to Dave-O Neo-Valley Digger.

Our Derby judge, Marc Appleton, topped off a busy week-end with a first place in the Amateur All-age with a sterling performance with Boy's Agate. D. W. Dawson's very fine young dog continued to show his potential with a strong second in this 28 entry stake. John's Susie, owned and handled by John Patterson, took third and Bandit's Big Ben brought home a fourth to Wayne Oliver.

The club was very appreciative of the fine efforts and cooperation put forth by all the entrants in running this large trial. With the excellent grounds that Fort Riley has to offer, the club is proceeding with plans to run this fall's trial with a continuous course in the Open All-age. We hope to see all of field trialers back for another big week-end next fall!

These are the field trial placements for 1971. ‡ means Bench Champion, § means Field Champion and * stands for a Dual Champion. The first column is the dog's name, (in adult dogs, his number of previous wins), his owner (handler). Next are his sire and dam. The last column has S for spring and F for fall. This is followed by the placement, the club (number of entries in stake). Dogs are listed in the regions in which they were principally campaigned. Derby dogs with All-age placements are listed in the All-age charts. Spring results for 1972 are not included.
